

Pora.pl

Pora.pl is an online guide providing essential information about culture and entertainment. It contains comprehensive database of events, addresses of cultural, entertainment , service and commercial venues as well as maps of specific locations and photos of those places together with descriptions. Under the description of each venue there is a forum fulfilling the function of a book of complaint and request.

Pora.pl is an online guide providing essential information about culture and entertainment. It contains comprehensive database of events, addresses of cultural, entertainment , service and commercial venues as well as maps of specific locations and photos of those places together with descriptions. Under the description of each venue there is a forum fulfilling the function of a book of complaint and request.

Pora.pl is also a community where one may find his or her friends, acquaintances or simply meet new people. This online service enables the users to exchange information, placing opinions and comments on venues, events, service providers as well as services offered in 962 Polish cities. Portal users are actively dealing with topics such as parties, concerts, sport and fitness as well as shopping (stores, shopping malls).

The aim of pora.pl is to create for Internet users a tool which will allow them to pass among themselves information about the atmosphere of the events and the quality of services provided throughout the country.
